

## ecom-DP3 All-in-One Pressure Testing Meter “Fully Automatic”

The ecom-DP3 pressure meter features:

- **Stress check,**
- **Air leak check,**  
and allows to
- **Determine the leak rate**

There is no need for an external pump or collection device as the unit can run in full automated mode.

Testing applications for the DP3 include:

- Water treatment plants
- Steam plants
- Wastewater plants

### Components:

- Complete with battery in a sturdy hard-shell transport case
- Thermal quick-printer
- PC software on USB stick
- SD card
- 2.8 m tubing with quick-couplings
- Y-formed tubing adapter
- Two conic test plugs (1/2"–3/4" and 3/4"–1 1/4")
- T-piece for pressure relief valve with quick-coupling
- Two high-pressure test plugs 3/8" to 1/2" and 3/8" to 3/4" with quick-coupling
- Stop valve mini ball valve and quick-coupling
- One-pipe counter cap
- Silicone tubing (4") with quick-coupling
- Sealing stopple with quick-coupling
- Printer paper spare roll (non-fading)
- Grease (for engine pump piston), torx wrench for opening battery compartment
